

NOX PRIME TILE luxury vinyl tiles let you live in harmony with nature. **NOX WOOD series** reproduce live timber grain patterns and textures which have same feel as natural wood planks.

Size : 186 x 940 mm
 Thickness : 3.0 mm
 Packing : 19 PCS / BOX

NOX PRIME TILE is composed of different layers. The topmost layer is a 0.4mm thick PVC clear sheet which protects the surface from scratch. The base is a specially formulated PVC balancing composite layer. This is covered by a photogravured sheet which displays beautiful and natural timber colour and grain.

NOX PRIME TILE is durable, dimensionally stable and easy to install. It helps creating a natural green space in the place you live or work.
